

When Gwen turns her back on a set of smoldering amber eyes in favor of a crystal blue pair, her plan is to sever all ties with the Wanderers. Her goodbye is short lived; however, when the investigation into Preston-Ward Pharmaceuticals reveals a powerful sylph has escaped. When Gwen is drawn back into the Wanderer brotherhood for her own protection she discovers she can no longer bury her feelings for Kade or ignore the growing gulf between her and Ben. As the unrelenting hunt for their ancient enemy heats up, Gwen's attempt to straddle two worlds becomes tedious. She must choose, but when nephilim mysteriously begin to disappear her time may be up.
