

Jenny is different. She can read peoples minds. At age seventeen, Jenny Reid was arrested for killing her own mother. There was no evidence that an intruder entered the house. No one believed her as a teenager when she tried to tell them how she felt the killers rage saturated within the walls, that she knew the presence of evil had been there. The police thought she was crazy, not psychic. A conviction was never made in the case due to lack of evidence. Jenny is still the sole suspect, but now, she is doing something about it. Shes on the right side of the law, an FBI agent determined to finally find justice for her mom. The time has come to set things right and nothing will stand in her way. Shell come up close with evil again and face the ultimate choice-kill or be killed in these ACCELERATING CIRCUMSTANCES.
