

Revolutionary NEW user-friendly layout gives YOU complete control and eliminates wasted space in your address book! Are you tired of address books that just don't work well for the names YOU need to keep track of? ... Where there are too many alphabetized sections that you don't need and too few of the sections that you DO need? Where you can't find replacement inserts for your address book which makes it difficult to keep using the same book after you've made too many changes for certain people? Where you spend so much time flipping through the book trying to find the people that you need to contact on a regular or even daily basis? Wouldn't it be so much better if your address book let YOU decide which names went where in the book ... made it easy to find any name in your book ... and didn't have so much wasted space because names have to be input alphabetically? This Revolutionary NEW user-friendly layout makes keeping track of all your contacts so easy! The simple concept of using a List of Names index instead of the restrictive alphabetized pages puts YOU in control, eliminating all those wasted sections because your needs don't match a standard alphabetized system. Instead of being restricted to the traditional alphabetized page format ... You get to choose your own organization system. You will never run out of pages for names starting with the same letter of the alphabet. You will never have wasted space because you don't have any names for a particular letter of the alphabet. You can easily share the same address book with other family members without getting all the names and addresses mixed up. You can always start a new entry for any person with so many changes that theirs has been filled up. This address book gives you 200 name & address entry sections (NONE of which will be wasted!) as well as a blank indexing section to organize however YOU want. Keeping track of information on all your friends and family members as well as your professional and business contacts has never been easier! Available in a wide variety of beautiful and colorful cover designs. Also available in Large Print for those with vision problems or who just have larger handwriting.
