

When it comes to romance and relationships, no one has had less luck than Camille Fairchild, Cecily Roberts, Hailey DeLaurentis or Madeline Winter. Each of these ladies could use a fresh start, and a new perspective on their devastating heartbreaks. They really didn't intend for that fresh start to involve several sizzling hot alphas who could turn into mountain lions, wolves, stags, or bears. *Note: Alphas Run Wild is a 90,000 word 4-part series of standalone Paranormal Shifter reads. Beware of scorching hot bad-boy werebears, werelions, stags, and werelions. You may need some time to cool off! Book One - Tempted by a Texan Camille Fairchild has the worst taste in men and a slew of terrible dates to prove it. When she sees an ad for a matchmaking site, she figures they can't do any worse than she has in the dating department. That is, until she meets Tyler Rose. Texan Cowboy and mouthwateringly perfect oh, and he just so happens to be able to turn into a mountain lion. Did the matchmaker forget to mention that? Book Two - Alaskan Alpha Finally having gotten her life together after too many years of heartbreak and false starts, the last thing Madeline Winter expects is to suddenly inherit everything from the estranged uncle who left her to the foster care system. That inheritance, however, seems to amount to nothing more than a cabin in Middle-of-Nowhere, Alaska and a debt he owed to a stranger. But when that stranger, Nanuk, comes barging into the cabin, he proves to have his own ideas as to how such a debt should be repaid, and more than a few secrets of his own hidden behind his own intense desires. Book Three - Seducing a Hunter Cecily Sissy Roberts is running. She doesn't know where she's going, and she doesn't know what she'll do when she gets there. But she's had enough, and she's running. Running means someone is hunting her, and the only one who can save her now is another hunter. She's been chased right into the arms of a six and a half foot hunter a hunter who can turn into a wolf. Owen Carmichael might not be any safer than the man already hunting her. Book Four - Seized by a Stag For less than three years, Hailey DeLaurentis's life was perfect absolutely a fairytale, with everything going exactly as it should go. Then fate decided that her perfection had an expiration date, and that fairytale was over.
