

Amethyst - Book 4 Amethyst de Burgh has been sent by the archbishop as assistant to her uncle, the master mason in building a castle for the border lord, Marcus Montclair. She has always dreamed of this opportunity, but knows a woman in this position would not be accepted if it wasn't for the sealed and stamped missive giving the order, sent by the Archbishop himself. Marcus is not pleased when a woman shows up saying she is the new assistant to his master mason. And when his father arrives with a missive from the king, things only get worse. Now he's expected to marry the girl when she challenges his every word. With his castle unfinished and his defenses low, he knows it won't be long before the Scots come over the border and they are attacked. But facing the enemy isn't half as challenging as dealing with his new wife. A hardened border lord and a headstrong woman are forced to work together to change their ways. And in the process they learn that things are not always as they seem ... in Amethyst, Book 4, the last book of the Daughters of the Dagger Series.
