

In 2007, Buddhist monk Ashin walked the streets of Burma (Myanmar) with thousands of other monks. They chanted for freedom and democracy, but were met with bullets and brutality from a junta determined not to loosen its grip on one of the world's most isolated countries. Ashin, hoping for a better future for his homeland, invites Danish journalist Christina Lund Sorensen on a daring journey to places few outsiders had seen in a country on the cusp of a dramatic transformation towards democracy. Ashins Spring is a true story about a very special monk. It is about growing up under a repressive military regime and dreaming of only one thing: freedom.
