

Attention Deficit Hyperactivity Disorder (ADHD) is a concise source of information on this disorder. It explores the questions and concerns of parents and teachers. Dr. Moghadam and six other experts describe the history of this disorder, its causes, prevalence, and diagnosis. Further chapters are on the use of drug therapy, behaviour management, educational issues, parenting and family life, and other approaches to the management of ADHD. Complications and ADHD in adolescents are also discussed. This book is not a scientific discourse, but rather it is a detailed presentation of the current knowledge on attention deficit hyperactivity disorder. It provides readers with a basic understanding of the disorder and is a reference point for making informed decisions on available treatments, and courses of action.

Tumbling techniques: A guide to tumble polishing (a consensus of findings), and Assembling baroque jewelry for fun and profit, Johanna Basford 2016-2017 16-Month Coloring Weekly Planner Calendar, The Trimmed Lamp, NIV, Womens Devotional Bible, Large Print, Imitation Leather, Blue, The Blueprint To Success: How to Escape The Depths of Struggle and Enter Into The Realm of Success, Exposure: A Novel, Paradise Valley (A Virgin River Novel, Book 7),
