

Are you interested in learning about the fascinating world of birds? Learn about many species of amazing birds here! This book is for children of all ages. It is for those who love birds, and for those who simply want to know more about our captivating world and its creatures. This book is full of interesting facts that you surely would want to know about. The chapters of this book cover general facts about birds, fun facts and trivia about these winged creatures, and a closer look at some of the most popular birds known to man. There is a wealth of materials that discuss all known birds, and this book serves as an introduction. Not all are discussed here, only some of the most interesting and intriguing. But even with the limitations, this book holds enough information for you to appreciate these remarkable creatures. Here is an example of what you could learn: Ever wonder what the fastest bird in the world is? What bird lays the biggest eggs and how come birds fly in v-shape formation? What is migration and why do birds do it? What birds are unable to fly and why is this so? ...and much more about these remarkable creatures! ??? This educational book will keep you reading from start to finish, and you will even wish that there was more to read. This is perfect for kids ages 4 and above - and for parents who want to read to their kids and build memories to treasure. You and your child have a lot to learn. Enjoy! Scroll up and buy now!
