

Michael Warren isn't your ordinary detective, he's a werewolf. But before he met his partners, Tabitha and Sam Edwards (she's a witch and he's the I.T. guy), Michael was a young man in love trying to prove himself. Unfortunately, when your first love is the wife of a powerful werewolf in your father's pack, things can become complicated quickly. Now Michael must face his first true test when he's challenged to a duel. For Michael it's a matter of the heart. For his father, the Pack Master, it's a matter of honor and power so important that even if the young werewolf wins the battle he may lose his life.
