

Many students and scholars, alike, have a varietal of reference books, commentaries, dictionaries and other assorted works. Yet, for one not to have such a valuable work as this within their library, not alone never to have perused its contents is like one who drives an automobile, without a set of gauges. This work is such a highly praised and valued work because it facilitates a person's understanding of the cultural and historical relationship behind the Biblical text. Indeed, there are scores of tomes, which are mere commentaries, yet there is no other work such as this, which provides the valuable understanding of the concept and implications regarding the "context" in which the biblical works were written. This work, unlike a commentary or dictionary, explains the concept within the everyday life of the people and as the historical beginnings, providing not an opinion, but facts regarding the most difficult passages of Scripture. This work is both a historical work and an encyclopedia work combined to provide the inquiring reader a sound answer to their perplexing question. This work indeed is an invaluable resource which no theological library can be without.

The Right to Die (Hot Topics), Richard III., Fueled Obsession 3 (Volume 3), Ms Outlook 2000 Quick Reference, Happily Ever After, Douay-Rheims & Clementina Vulgata (English and Latin Edition), Unconditional: A Masters and Mercenaries Novella, Wishful Thinking, Housekeeping vs. the Dirt,
