

Engrossing. Enveloping. Enticing. Exciting. This is the world of the Children of the Gods by I.T. Lucas. Best series Ive read so far cant wait to the next book to come out. I literally read this entire series in 3 days and now Im going through character withdrawal waiting for the next. I.T. Lucas is an amazing writer with a brilliant mind and has quickly been added to my favorite author list. Once in while a book or series comes along that simply wont let you put it down and this was one of those great finds! I normally find myself skimming through characters to get to the ones I like, but not this time! I loved every sentence of every character introduced and simply want more! Syssis paranormal foresight lands her a job at Dr. Amanda Dokanis neuroscience lab, but it fails to predict the thrilling yet terrifying turn her life will take. Syssi has no clue that her boss is an immortal wholl drag her into a secret, millennia-old battle over humanitys future. Nor does she realize that the professors imposing brother is the mysterious stranger whos been starring in her dreams. Since the dawn of human civilization, two warring factions of near-immortals - the descendants of the gods of old - have been secretly shaping its destiny. Leading the clandestine battle from his luxurious L.A. high-rise, Kian is surrounded by his clan, yet alone. Descending from a single goddess, clan members are forbidden to each other. And as the only other immortals are their hated enemies, Kian and his kin have been long resigned to a lonely existence of fleeting trysts with human partners. That is, until his sister makes a game-changing discovery - a mortal seeress who she believes is a dormant carrier of their genes. Ever the realist, Kian is skeptical and refuses Amandas plea to attempt Syssis activation. But when his enemies learn of the Dormants existence, hes forced to rush her to the safety of his keep. Inexorably drawn to Syssi, Kian wrestles with his conscience as he is tempted to explore her budding interest in the darker shades of sensuality. Kian and Syssis story culminates in Book 3 of the series: Dark Stranger Immortal, and the characters embark on a new adventure in book 4: Dark Enemy Taken.
