

This simple decluttering method will change your life... Inside The Quick and Easy Declutter Solution you'll learn... The 8 reasons you haven't decluttered (yet!)... How your brain is holding you back... How to profit from your clutter... How to develop the decluttering mindset necessary to maintain a clutter-free home... The questions to ask while decluttering... How to declutter every area of your home... And MORE... Words from the author: Hi. My name is Richard. My parents divorced when I was young, so I grew up in two houses. My father's house was clean and organized, but my mother's house was... ..an ugly, cluttered mess. Until I was about sixteen, my room "like the rest of the house" was a nightmare. (If you've ever walked through deep snow, you know what it was like to walk through my house.) As I grew older, I realized the negative affect disorganization had on my life. I was disorganized at school (and got poor grades as a result), my clothes were dirty (which hurt my love life), I wasted valuable time looking for lost items, and I was constantly... ..stressed and unhappy. Something had to change. So, in a spurt of late-night energy, I cleaned my room. The rest of the house was still a mess, but my room was, for the first time, clean and organized. Unfortunately, I had no idea how to keep my room clean. A few months later I again found myself... ..swimming in clutter. I asked myself an important question: why can't I keep anything clean? The answer was simple... ..I had terrible habits. I automatically did things that led to the accumulation of clutter. And, I did nothing to eliminate clutter from my life. Once I became aware of this fact, I found it difficult to continue making the same mistakes. Whenever I did something that added to my clutter, I would say "There I go again, making life hard for myself...." It took almost a year to break myself of the bad habits I'd learned. Even then, my life wasn't always organized. It took time for me to learn good habits that kept my life clean and organized. But I did it. I probably took the long road (actually, I'm sure I took the long road...), but it was worth it. Organization changed my life. It gave me opportunities I would not have had otherwise. It helped me succeed in school (and later, at making money). It helped my love life. It helped me minimize stress and become... ..a much happier, more effective person. Here's why I wrote this book: I want to change your life. And, I want it to be EASY. As I said, I took the long road. I made mistakes. I stumbled in the dark (and stepped on many Legos in the process), but... ..I found the light-switch. Now, I'm going to show YOU how to declutter your life, the easy way. Please, benefit from my mistakes. I can't wait to show you how EASY organizing your life (and keeping it organized) can be. All the best, Richard PS: You may have noticed that this book has two authors. I realize that men and women sometimes have different clutter problems, and I wanted this book to help EVERYONE. So, I asked the most organized woman I know to help me write it: Cynthia Roberts. Cynthia is wonderful, intelligent, and a close friend. Rest assured that this book will help ANYONE get rid of clutter and organize their life. Remember - You don't need a Kindle device to read this book. Just download a free Kindle reader for your computer, tablet, or smartphone! Want a clutter-free home? Want decluttering to be easy? Purchase The Quick and Easy Declutter Solution and I'll teach you everything you need to know! See you inside...
