

Do you believe in love at first phone call? Cohen Rodriguez, Deos hilarious, ?ber responsible best friend in Lengths, got dumped by his longtime girl because hes not impulsive enough, and hes burned up. But maybe, just maybe, shes more right than he wants to admit. So he starts to date. A lot. But no one really feels like the one. And the more girls he dates, the more Cohens convinced she isnt really out there. Luckily he has Maren-the girl with the sexy voice who always cracks the best jokes. Theyve been talking daily for a year ... on the phone. What started as all work soon blooms into friendship. Then she asks him. Do you want to meet? Hes scared out of his mind to ruin the one easy, fun relationship he has going for him. But he takes the plunge, and things are just fine, totally easy and comfortable. Except that they both sense that its not strictly platonic. Theres an undeniable attraction and absolute raw chemistry between them ... and every time theyre in the same room, that attraction gets deeper and harder to ignore. Maren could be the best thing thats ever happened to Cohen. Or she could send his carefully compartmentalized life into a tailspin. Cohen has to decide if hes ready to let go of his comfortable fantasy and embrace the one girl who might be able to change his luck in love.
