

Embracing Encaustic: Advanced Techniques for Mixing Media, the second book in the series, builds on the basic techniques illustrated in my first book, Embracing Encaustic: Learning to Paint with Beeswax. Today artists are pushing encaustic painting in new directions by working with all kinds of different media, below, above and within their wax, and this book celebrates that. You'll find step-by-step instructions on working with oil sticks, burning shellac, creating encaustic monotypes, drawing on wax with graphite and artists' crayons, using stencils with encaustic and other media, and pouring wax. The Inspiration Gallery will introduce you to the work of 36 artists and serve as a springboard for you to find your own unique way of working with this exciting medium.

The Palace of Illusions: Stories, That New Animal, Your Celtic Oracle, SPARTACUS Berlin Gay Guide 2016, RED FOX, Ideas for the Future of the International Monetary System, You Belong to Me,
