Your life knowledge can only become useful if you know how to use it correctly. About %80 percent of the population already spend their life just to find out something is missing. it is their hopes and dreams. If you still remember your dreams and wishes then there is good news, keep reading. You must get to know the basic knowledge on how the wishes come true. Working hard without knowing the five rules will not get you there. You must apply all five essential rules so your efforts become aligned with your life dreams. This will allow your dreams to come true. This book will give you the basic knowledge and will prepare you for amazing things in your life as you imagined.

Most ancient civilizations, beliefs and new books may cover a section of your life and how to do it better. But it is critical to explain that how the original plan of existence, is influencing your life despite all your efforts. About %17 of the population apply these rules by nature or happen to do so however they will still not receive the quality life they dreamed of. Only less than %3 is really making the most out of their lives by applying the introduced five laws. The first %80 will only achieve little or find themselves not happy in the end. Which one of these groups do you belong to? If you care about what is going on in your life right now then you need to know these five laws quick. You are spending your life making things work here and there. By knowing what these rules are, you can direct your efforts into achieving the real outcomes. These are the ones, which you dreamed and wished earlier in your life. In this book, you will find the correct blue print of who you can be so that when you gain knowledge and experience then you can make use of that knowledge to see your wishes come true. This is a must read for everyone, young and old. You will be able to see and envision the correct plan in your life so that not only you achieve the goodness but also others around you would benefit from your work. Readers review: I have had read through your book "The Essential Element: how to live a life of miracles and be successful"™ and found it absorbing with new ways of looking at life and trying to unlock and attain what is rightfully yours according to a Universal Law and a holistic approach for successful living. The book has many elements of value for the reader. You have obviously given much time to think about these matters. From my view point you have arrived at a metaphysical, almost mystical in some senses, alternative for successful living. I am sure many who are seeking success would find tremendous benefit from your words of wisdom in applying them to everyday life.
