

New York Times Bestseller Dianna Love wraps up the exciting Slye Temp romantic thriller series with FATAL PROMISE, Gage and Sabrina's story that readers have been asking for since the beginning. When a rogue CIA assassin threatens her Slye Agency family, Sabrina goes after him before he can harm another person on her team. She's armed, dangerous and in no mood to take prisoners, but the lead she follows exposes the tip of a deadly international threat and adds a new name to the rogue agent's hit list: Gage, Sabrina's former CIA handler--and lover. Gage has waged war on Sabrina's emotional walls over the past year after she returned from being betrayed during a bloody mission that left her suspicious of everyone in the agency, starting with him. There's a contract on her head, but keeping Sabrina safe until he can terminate the threat is easier said than done. As one of the deadliest operatives he's ever met, Sabrina bends to no one's will. No woman has ever gotten to him the way she has and he wants her back in his arms, but that isn't going to happen unless they survive this mission. With only one hope of stopping a megalomaniac from starting a third world war, survival depends upon Gage convincing Sabrina to trust him in every way, including her heart. \*This is the final book in the Slye Temp series, but there will be a new romantic suspense series - HAMR Brotherhood - which will include Slye Temp characters who still have more story to tell. **Raves on Slye Temp: Brilliant!! Now THIS BOOK is what I LOVE about Romantic Suspense; a gritty suspenseful story AND enough steam to make me squirm (in a GOOD way :))** Sheryl, Goodreads
