

Maia Pierce, a top agent for a private security firm and a widely known rule breaker, was good at her job. In her last mission, her risk-taking had finally caught up with her and she had now incurred the wrath of a Russian drug lord bent on destroying her. With assassins after her, one man had offered her his protection. But Jack McCord may be an other kind of danger. Ex-Navy SEAL Jack McCord had everything: a thriving defense company, good looks, and no shortage of beautiful women. But what he coveted the most hadn't wanted anything to do with him. Maia Pierce, his brother's bodyguard, was the most intriguing woman he had ever met and he wanted her. When Maia got into trouble, he saw an opportunity to offer a no-strings attached arrangement and as she resists the idea, he is only left with one choice. He abducts her. Jack didn't expect to fall hard. Now that he had, he has to convince Maia that she could be feeling the same in her heart. But the danger that Maia finds herself in, and the secrets she keeps from Jack threaten to derail their happily ever after. \*Strong sexual content and language. 18 years+.
