

The forks have disappeared. Nine-year-old Mike thinks he knows where they are, but to recover them he will have to battle the evil Mrs. Gregory. Little does he know that the whole world might be in danger, but luckily his little brother Kenny is along for the ride. If Kenny has to be sacrificed to save the world, then so be it... Forks - a short story of 7000 words. Contains absolutely loads of bad language, tons of bad jokes, heaps of inexcusably cringeworthy puns, and a whole bucketload of shocking cruelty towards a cute little brother. Contains a scene with a catapult. Be warned. Forks comes complete with the first three chapters of the dystopian science fiction novel, The Tube Riders, as a little present for you.
