

In writing this book it is not my intent to upset the beliefs and practices of my colleagues. They do a wonderful work in providing a needed service to thousands of people who need counseling and direction in their life – others truly do have chemical imbalances that can only be handled by professionals in the mental health field. Whether they deal with cognitive issues or behavior patterns of disruption in their lives – these problems have to be dealt with by all of us – Christian, psychologists, or secular; we must all do our best to minister to the mentally ill. The purpose of this book was to take a look at how God view our mental conditions and how sin affects that condition. If the wages of sin is death – then we must look into God’s Psychology and learn from Him. How to break the curse that is upon us – (that includes all of us) I hope this book has helped you to further understand the purpose of God’s thinking toward us and his solution to the problem if –Sins Curse• and how he sent his son, Jesus, to destroy the death sentence that we all face – (Heb 2:14) (Act 4:12) –Dr. Richard Weathers commands a gif along with much scriptural knowledge of God’s Word. End-time events are presented and explained in a manner that you will understand. Exciting and amazing insight into God’s plan for us. Dr. Weather’s devotion to study and sharing with others is well above average. You will feel the strength and wisdom in each section of this book. You will be excited to share with others what you have just discovered through this person, God’s servant! Blessing as you read the following pages. -Dr. Linda L. Jones In my thirty-nine years as a minister of the gospel, I have never experienced such a profound book! God has provided Dr. Richard with outstanding insight of the end times through his studies of the book of Revelation. As the return of our Lord and Savior draws near, the wisdom within the pages of this book is needful for this generation. -Reverend Gerry Bryant

Psychologists who study the origins of religion say belief in God relies on several intuitions, including a teleological bias (the assumption that. INTRODUCTION: –God's Psychology• differs from that of man's psychology, because man cannot understand the things of God. This is because God is a Spirit.

What should understanding the psychology of belief in God do to that very belief? In other words, once we know where religious credence comes from, should. Closing the Gap between Psychology and God. A Harvard psychologist is developing evidence-based treatments for the devout. By Sarah. The primary object of the science of psychology is human nature and how it is expressed in thoughts, actions, and feelings. God created.

Discussion by: David R Allen. I've often wondered what a group of psychologists would make of god if they were presented with a list of. Psychology has its roots in ancient philosophers like Socrates, Aristotle, and Plato. None of these men were worshipers of the true and living God. At best, they. Professor Rachel Blass describes the ways in which psychologists groundless claims regarding God's existence and our relationship to him.

Strictly speaking, psychology of religion consists of the application of psychological methods . The cognitive aspects relate to God and a sense of purpose, the motivational ones to the need

to control, and the religious search for meaning is. Researchers who study the psychology and neuroscience of religion are But this tendency also set us up to believe in an omnipresent God-like concept. Instead, Christians must bring God's truth to a deceived discipline. Psychology, true to its origin (Greek "psuche"), is the study of the soul and no worldview. Wendy Zukerman takes a look at the evolutionary psychology that may be responsible for our drive to believe in the divine. God's Psychology () by Terry L. Higgins.

But, through not acknowledging God as Creator and Saviour, psychology is very largely without the ability to bring about meaningful change in.
