

Behind every heroine is the pain that binds her. Lies We Tell, Book 2 Manga cafe owner Kara Sinclair has one burden she's been carrying around so long it's bordering on pathetic. Her virginity. Getting rid of it, though, means doing the one thing that scares her the most—letting down her guard with a relative stranger. Which makes her best friend's older brother Vin Fox's offer too tempting to refuse. Vin barely has room in his schedule to turn around, much less worry about Kara and her crazy quest. When she insists on going ahead with a plan that he considers unsafe, though, enough is enough. If she wants to lose it, she can lose it with him. Bonus: he gets to play out his darkest fantasies, slave collar and all. Kara thought dealing with a known entity like sexy-as-sin, controlling-as-hell Vin would smooth the way. But when it comes right down to doing the deed, not even the safety of a costume can fool her demons. By then the game has gone too far—and the consequences could bind them together forever. Or tear them apart at the seams. Warning: Contains a sexy, brooding—fix you—hero and a heroine who isn't afraid of anything—except—normal. More kinky cosplay losts-and-founds than you can shake a riding crop at. WTF Infirmary is booked up; please make an appointment before you read.
