

This isn't supposed to happen to people like me. You don't fall for your patients, especially when your patient is a serial killer. Jon Crane is a murderer. He's charmed countless women into fulfilling his dark desires. Afterwards, he makes them disappear forever. Now I'm the object of his latest obsession. I'm Dr. Marian Fraser. I was first introduced to Jon while he was being held at the Litchfield Institute, a psychiatric hospital for the criminally insane. I'm the only psychiatrist that's ever been able to get inside his head. His intelligence is intoxicating, but the man is a beast. And now that he's escaped from the mental hospital, I'm at his mercy. Jon never leaves a victim alive, but I'm convinced I can change him. There's an even darker secret lurking deep inside him. I'm determined to discover the real Jon Crane, but he's just as determined to break me with whips and chains. I may be Jon's latest obsession, but now that the beast is unchained no one is safe- not even me.
