You'll understand where the money is flowing and what skills are needed for this new industry. Most importantly, you'll be equipped with the knowledge of the business practices specific to the industry and learn how to become a successful 3D printing entrepreneur. This was a fantastic book on 3D printing. I was worried that this book was going to be full of technical jargon that was over my head but Yoni made this whole world easy to understand. I recognize that there is so much to do in the field of 3D printing and this book started me on that path smoothly. - Garry Bowden If there's 1 person to learn from on becoming a 3D entrepreneur, it's definitely this guy. Wow! As a non-technical person with no maker background whatsoever, this is an extremely encouraging read and inspires me to get up and just invent something. Not a dense read, and opens your mind to so many possibilities - 3D printing is absolutely the future, and this book really helps to put the power in your hands. - Amira Poalck The book is broken down into 5 sections. In the introduction, I quickly review the history and the technology as well as listing several ways 3D printing is being used today. The second chapter is for 3D designers and those interested in learning how to become one. I've cover different software choices, expected salaries, places to sell your designs, and opportunities for freelancing. The third chapter focuses on individuals who have or who are looking to purchase a 3D printer. This section will cover the different printers, how to lease out your printer for extra money, and the different objects you'll be able to print. In the fourth section, I feature many of the other fields where you can earn money in 3D printing including materials, spare parts, scanning, software, teaching, and much more. Lastly, we have words of wisdom from top 3D printing entrepreneurs. They are world renown artists, CEOs of startups and of well-established companies, successful freelancers, and many others including: Lance Pickens "Co-Founder of Made Solid Jesse Harrington Au - Chief Maker Advocate at Autodesk Mark Hatch "Co-Founder and CEO of TechShop Liza Wallach Kloski and Nick Kloski "Cofounders of HoneyPoint3D Stores And many more!
