

When its Spring again Ill bring again Tulips from Amsterdam With a heart that's true
Ill give to you Tulips from Amsterdam I cant wait until the day you fill These eager arms of
mine Like the windmill keeps on turning That's how my heart keeps on yearning For the day I
know we can share these Tulips from Amsterdam • " Just some of the lyrics from "Tulips
of Amsterdam" as performed by Max Bygraves a legend of English popular music, who
was also smitten by this popular City. When we think about holidays and all the plans and
preparation needed to take one, sometimes just the thought of a well deserved vacation puts
even the most ardent would be travellers off. Getting someone to feed the cats, look after the
dogs or for that matter feed the "other half" or the children. Not to mention losing
valuable holiday allowances from work or taking time out from your busy business. This is
why we love a short city break. It's a chance to fly on a plane, have all the fun of
negotiating our way in a foreign country, but without the thought of being away from home for
weeks at a time. We also utilise these city breaks sometimes between our main holidays, once
we know we have a few days spare between flight times or destinations, we lap up more
experiences and more culture and yet more quality cuisine before heading on to our final
destination. Our friends and family are always so jealous of us for cramming all this into our
journeys, but we love it and if they could be bothered to sit down and read our budget travel
guides, they would realise it is not particularly difficult to do all this on a very tight budget and
yet still have some of the best experiences in your lives. It is honestly achievable and
throughout this book we are going to show you how you can live the dream, this luxurious
break, for less than it will cost you to stay at home. Close your eyes and imagine visiting
historic places, whisking you back to ancient times and beyond. Then walking just a few
meters into swish shopping malls, plazas and high streets, packed with the very best
fashionable clothes, perfumeries and even the latest electronic gadgets. Then turning a corner
and stopping at a traditional restaurant tantalizing you with a local glass of wine with the most
exquisite bouquet or perhaps an ice cold glass of beer while you have the most difficult
choices ever in the form of a menu, full of local delicacies and dishes for you to choose. Round
that off with a visit to one of the various bakeries, to choose from one of the many hundreds of
mouth watering cakes which should keep you fuelled up enough to return home with a case
full of presents, gifts and duty free from one of the most enjoyable and relaxing few days you
have had for a long, long time. You have absolutely nothing to lose and much more to gain,
happiness, relaxation, culture, great food and fantastic shopping will make your life, once
again a much more bearable and enjoyable time. Utilising our many months of research and
our experience, you can now benefit by using our budget travel guide as a means to escape
your normal daily life. You think it is impossible to get luxurious accommodation for less than
"10 per day" no it is not and this guide shows you how. You think it is impossible to
