The cards seem to be dealt in his favor until a car accident lands him in the hospital. But don't close your eyes for a second! In the blink of an eye, he goes from being in a hospital MRI scanner to being aboard a Colonial Establishment Cruiser 300 years in the future. He wakes up in a different body, and it's the identical body as 21 other people who all find themselves equally as confused. How did they all get here and where are they going?
