

Twenty thrilling writers. One chilling mystery. Pericles Perry Christo is a P.I. with a past. A one-time NYPD homicide cop, Perry has been struggling since he lost his badge, and his marriage, in a notorious corruption scandal. So when wealthy Upper East Side matron Julia Drusilla calls him one cold February night, he jumps at the chance to work what seems to be a straightforward (and lucrative) case. Julia needs Perry to track down the whereabouts of her beautiful yet aimless daughter, Angelina, who is about to become a very wealthy young heiress. But as Perry digs deeper, he discovers there's much more to the story of the lovely Angel. Her father, her best friend, her boyfriend - they all have agendas of their own. This classic noir tale twists and turns down New York's mean streets and around Hamptons beaches and back roads, during a bitterly cold and gray winter - where nothing is as it seems and everyone has something to hide. Told in the same serial novel format that made 2011's *No Rest for the Dead* such a commercial and critical success, *Inherit the Dead* is a collaboration among 20 of today's best-selling mystery and thriller authors each taking a chapter of the narrative and infusing it with their signature style. The editor, Jonathan Santlofer, has arranged to donate any royalties in excess of editor and contributor compensation to Safe Horizon, a leading provider of services to victims of violence and abuse, making this a worthy and winning accomplishment that showcases today's finest writers at their very best.

I don't think I have ever read a book that ha.

Despite the usual serial-novel pitfalls, C.J. Box, Lawrence Sanders, Mary Higgins Clark, Charlaine Harris, Val McDermid, and the 15 other. In this inventive "serial novel" storytelling approach, each of the twenty bestselling writers brings his or her distinctive voice to a chapter of *Inherit the Dead*. *Inherit the Dead* by C J Box, Lee Child, Mary Higgins Clark, John Connolly, Charlaine Harris, Jonathan Santlofer and Lisa Unger - book cover, description. Read *Inherit the Dead A Novel* by Lee Child with Rakuten Kobo. TWENTY THRILLING WRITERS. ONE CHILLING MYSTERY. More than twenty New York.

This serial novel is a follow up to "No Rest For the Dead" except that I stepped up to the plate to edit. I started by creating a nourish tale with more than a few. From my Facebook page Last week *Inherit the Dead* hit #15 on the NYT up to buy the book--I'm still sort of incredulous to see my name there.
