

Wow. Just Wow. Inhibitions is one of the most wow books I have read. Not because the story is so original or even complicated, and such. It's real. It's simple. And it is amazing.- Mias Point of View What a great debut novel!! I seriously stayed up way past my bedtime to finish this. I could not put it down!!! I'm going to warn you, this ends in a jaw dropping cliffhanger. I mean I literally had my mouth hanging open when I finished. Whether you decide to read this now or wait until the next book comes out, you will definitely not be disappointed!!- Abby & Lisas Book Blog I am so glad that I came across this book and author. I was not prepared for the awesome story and characters that Kimberly brings to life in her first foray into the literary world. She definitely lands with a bang with this awesome debut.- Redhot Romance In the last six months, Ashley's life has been one disappointment after another. She walked in on her boyfriend with another woman, leaving her needing a new place to live and a mountain of debt. As if that wasn't enough, her ex convinces her that his infidelity is her fault for being unadventurous in bed. Deep down Ashley has always had the desire to be wild but has been held back by her own insecurities. She's desperate to break free, but she's fearful of how people will judge her if they know her inner desires. She wants nothing more than to lose herself in sex that pushes her to the limit, but she hasn't found anyone she trusts enough to take her there until she meets Tanner. Tanner doesn't trust anyone outside of his inner circle easily. The infamous, media proclaimed playboy, quarterback is tired of people using him for money, connections and to get their fifteen minutes of fame. Determined to protect his image and himself, he makes sure to keep most people at arm's length until Ashley is thrown into his life. He's inexplicably drawn to her, and she needs his help in more ways than one. But to help her, he'll need to let her in. There's an immediate attraction and connection that neither can deny, but can both of them get past their inhibitions and find what they are looking for in each other or will everything backfire in their faces?
