

Janes All the Worlds Aircraft sets the standard in aviation reference. It provides exhaustive technical detail on over 1,000 civil and military aircraft currently being produced or under development by more than 560 companies. Photographs and line drawings aid recognition and comparison, giving you the ability to evaluate competitors, recognise trends in aerospace development, identify potential buyers and select business partners. You can check key specifications for any aircraft, including dimensions, performance, structure, landing gear, power plants and armaments. In addition, there are details of the worlds aircraft manufacturers and their programmes, so you can identify key contracts, production rates, customers and order backlogs.
