

Jesse has known Aleah for years. She was always his best friend's little girl tagging along on their annual camping trips. During their first time camping since her father's death, Aleah and Jesse realize they share a mutual attraction. He's twice her age, but she isn't going to let that stop her. She wants to be Jesse's girl and doesn't care if there is no protection available in the middle of the forest. This is a QuikRead and the perfect length to finish during the morning commute or while waiting for an appointment. No cliffhangers! Bonus material includes an excerpt from Snowbound, also by Kristianna Sawyer.
