

Do you want to know the 40 real questions that job interviewers have in their minds? I know what you are thinking. How can anyone read another person's mind? Well, the secret hides in the reality that there are only four kinds of interviewers. Imagine that you will make it easy for job interviewers to like you. Do you know that, if you can speak respectfully to just four personality types, you hold in your hand the key to have a powerful persuasive edge over most people? So are you curious about the four types? They are the Careful, Expert, Impulsive, and Idealist. You've already been to interviews, right? Do you worry you are not hired because you are not the right fit? Are you wondering if interviewers might not like you because of your personality? WAKE UP! Most of the time, hiring decisions really are based on the best fit. And, yes, your personality matters. Your personality can work for you and against you – and you don't even realize it. *Job Interviewers: Get Inside Their Heads* clearly exposes the pluses and minuses of your own personality, as well as the personalities of your interviewers. You will learn to confidently interface your personal system of values and strengths with those of your interviewers. You will reach out to them clearly. And they will feel that you somehow think exactly like they do. You now have the option to walk into a room full of interviewers with confidence and your own personal power.
