

I build levers to move objects that appear to be immovable. Alexei Drovosek represents the next evolution of human: no heart, immunity to cancer, and the uncanny ability to survive in conditions that would kill normal men. As an orphan growing up in post-Soviet Russia, Alexei was taken in by the state and trained as its most vicious and effective killer. But eventually the Russian Federal Security Service's best-trained assassin did the most dangerous thing of all: he turned on his handlers, went rogue, and disappeared. In the bleak, high-tech near future, Alexei has resurfaced in a secret compound on the outskirts of Los Angeles, a city where autonomous-drive vehicles race along the highways and independent city-states operate with materialistic impunity. In the center of it all is the soaring headquarters of Pearl Knight Holdings, an international mega-corporation that keeps war machines and cultural capitalism running in every country and on every continent on the planet. As a principle proponent of the 31st Amendment to the United States constitution, which legalized the transfer of suffrage from citizens to corporations, Pearl Knight's power is truly above the law. Alexei lives a clandestine existence where his closest companions are his personal AI, Emma, and a group of orphans he has spent years amassing and training. But Alexei isn't fostering these children as a favor to the state; he's raising them with the hope that they will destroy it. As he moves each child into play in the world's highest-stakes game of chess that spans decades and continents, Alexei fights to destroy the plutocratic control of those in power and restore what matters to him most: democracy and freedom.

Surrender Series Omnibus, Possibilities (Valentines Day 2012 from MLR Press Book 11), Luovo (I corti di Alphaville) (Italian Edition), The Fires of Alchemy, Captain America (1968-1996) #107, Home and Abroad,

Pathfinder: Kingmaker is getting three expansions, including a campaign that takes hours. Kingmaker is based on Pathfinder, a tabletop RPG released in as a response to divisive changes to Dungeons & Dragons' 4th edition. A kingmaker is a person or group that has great influence on a royal or political succession, without themselves being a viable candidate. Kingmakers may use political, monetary, religious, and military means to influence the succession. Examples - In game theory - Contemporary usage. Pathfinder: Kingmaker is an isometric role-playing game developed by Owlcat Games and published by Deep Silver, based on Paizo Publishing's Pathfinder.

Mechanically I really like this game, as e.g. Pillars of Eternity games feel too overbalanced for my taste, while Pathfinder: Kingmaker allows for more wacky stuff.

Pathfinder: Kingmaker takes as mighty a swing at capturing that tabletop experience as any game I've played, mostly delivering on giving you.
