

Despite the best laid plans After his best friend dies tragically, firefighter Josh Whittaker never expects shared grief to pull him back into the arms of his first and only love, Miranda McTiernan. After all, she was the girl who'd come between the two men in the first place, leaving their friendship in tatters. But when she tells him that their single night together has left her pregnant, he's thrown into even more of a tailspin. No one has ever meant as much to him as Miranda, which is why he's never told her the truth about why they couldn't be together... Secrets have a way of coming free. Miranda spent her whole life waiting for Josh. It was never a question of love. It was a question of loving each other enough. Now this pregnancy is giving them a second chance to make everything the way it was supposed to be. But someone from Josh's past is determined to burn away everything that ever meant anything to him, leaving him with nothing but ashes. Can they possibly find their way to each other before the fires consume them? Or will they lose everything just when they could have had it all?
