

For some, death is not the end. Thanks to modern medicine, they are given a second chance. A second chance to live, and another chance to kill. Haunted From Within is a fast paced contemporary suspense medical thriller, based upon a true medical mystery that scientists and doctors do not yet understand. It is based upon fact: a true medical phenomena that defies belief and almost everyone is unaware of! Be one of the first to discover it! Warning: This is just a story, a fast-paced thriller written to entertain you...but because it is based upon fact, - which you can verify for yourself -, it will leave you wondering and talking about the definition of life itself! The Story When Peter Nicolson, a reporter with the Edinburgh Evening News, is the lucky recipient of a kidney transplant that saves his life, he is one of the first people in the world to be treated with the new genetic wonder drug SP-X4. Yet as he recovers, his personality begins to change, and he discovers that he can see visions of unsolved killings committed by a murderer that no one has ever caught. Peter sets out to solve the murders, to track down the killer, and find out the truth behind his visions. As he uncovers a trail of death that stretches across the United Kingdom and Europe, the makers of SP-X4 watch his actions from afar, anxious that he will uncover the incredible truth behind their new drug treatment, and conspire to make sure he does not succeed in revealing it to the world. In Peters vision, there are seven knives. So far, there have only been six murders. Can he solve the case before a seventh life is taken? If he cant, who will be last to die? Haunted From Within culminates in a surprise ending that few will predict. Once you have finished the book, the author encourages you to go online, and find out the truth for yourself. And when you discover the truth, it will make you question the meaning of life itselfand want to tell all your friends! What people are saying about Haunted From Within: Reviews from Amazon: Brilliant Epic Novel! As a seasoned reader I can only say this book is pure genius. The author makes Stephen King novels lightweight. I am simply amazed by this authors ability to tell a story so brilliantly. More please Mr Irvine. Amazing from start to finish! A gripping ripping supernatural thriller that gets you thinking! A stunning read! I have to say its the best book I have read in a very, very long timeThe story and characters jump off the pages and grab you by the throat, you need and want more, the idea behind the story is so compelling its difficult NOT to find it believable! A Cracking Good Yarn! As a freebie I wasnt expecting a lot but I was to be greatly surprised by Mr Irvine! Fascinating! I dont usually write reviews but, WOW! What a story! Please note: Book One of Two Parts; please note that Book One continues seamlessly into and is concluded in Book Two.
