

This groundbreaking primer arms mountaineers, climbers, hikers, skiers, and snowboarders with the weather-forecasting skills they need to plan trips, make quick decisions, and move safely through any mountain terrain. Written by a professional meteorologist who is also a veteran mountaineer, this heavily illustrated guide is the first designed for all mountain travelers. It also contains a valuable regional weather survey of the world's major mountain ranges, including those in Alaska, the Cascades, Sierra Nevadas, Rockies, Whites, Himalaya, Karakorum, Alps, and Andes—information not available in any other single source.
