

John has been a Werewolf for ten years. In that time he's managed to become the Alpha of the pack. Being the Alpha of the pack means the other wolves have to obey what him, and until now the only thing that he's been doing with his time is watch over Brandi Hart. Brandi's father was killed by werewolves because he was a Silver Wielder. The Hart family has had the talent to work with the one element that could kill a werewolf, and for centuries it's been werewolves against Harts. It's been a fight for survival. Brandi is the last Hart left, and John can't let her die. Brandi and John head to Las Vegas to escape their troubles for one night. In a moment of drunk stupidity they get married, and John's the one that ends up putting her in harm's way. Not only is the pack after her now, but his own wolf wants her dead too, no matter how much he loves her as a man. When the time comes, he doesn't know if he'll be able to save her, or if his wolf will take over and kill her. If he doesn't wipe out the bloodline, the pack will turn on him, and he will be in just as much danger. But can John kill the person he's fallen in love with? Or is the only future for them both to die? If you're looking for spicy romance and a thrilling paranormal adventure then this is the book for you. Click the BUY button NOW!
