

Use this book for keeping track of your skateboard tricks. You can record up to 360 total tricks. There are three columns for each trick: the name of the Trick, the number of Tries before landing it, and the Date that you landed it on. This book is great for keeping track of your progression because you are able to compare the number of tries for each trick that you do, from one date to another. For example: by looking in your book, you can see that One month ago, a Kickflip took eight tries; Two weeks ago, a Kickflip took four tries; and One day ago, a Kickflip took only one try. This book is helpful for everyone, from beginners to experts. Enjoy this Brown cover edition!
