

Richard is a little different to most people. He doesn't relate to people easily. A bit of a loner, his well being is threatened when his neighbour's adult daughter opens a locked door in his house, and uncovers a den full of dungeon equipment. The young woman, just recently released from a young offenders institution is slowly drawn into Richard's alternative life style, watching, then participating in the bondage and submission that he inflicts upon his little group. This story contains 18,000 words, seven chapters each narrating some aspect of BDSM including spanking, belting, bondage, anal sex, forced orgasms and mild pain. All characters are over the age of 18 and all acts are consenting. Please do not read if any of this offends you.
