

What if you could not only travel any location in the world, but to any possible world? We can all imagine such "other worlds"--be they worlds just slightly different than our own or worlds full of magic and wonder--but it is only in fiction that we can travel to them. From The Wizard of Oz to The Dark Tower, from Philip Pullmans The Golden Compass to C. S. Lewis's The Chronicles of Narnia, there is a rich tradition of this kind of fiction, but never before have the best parallel world stories and portal fantasies been collected in a single volume--until now.

What if you could not only travel any location in the world, but to any possible.

That world has gateways, all in difficult to reach geographic locations, to other dimensions, all of which contain similar versions of the same. We can all imagine such "other worlds"--be they worlds just slightly different than our own or worlds full of magic and wonder--but it is only in.

To me, this phrase sounds like it's wrong, and the correct version (in terms of grammar) seems to be there are worlds other than these . Other.
