After saving her, he arranges a meeting, hoping to acquire the Xipil. He figures out that he likes her for her looks and her intelligence. When he first saw her, he never dreamed he would fall for her. The Items brings the two together, causing them to work together, not only to find the Xipil, one of the Items, which Max has been looking for, but also to stay alive because Max is not the only one searching for the Items. One decision cannot only save a life but can change the future for both of them.
