

This O'Reilly Cookbook provides more than a hundred recipes to help programmers use regular expressions to manipulate text and crunch data. Every programmer needs a grasp of regular expressions, but their power doesn't come without problems--even seasoned users often have trouble tackling performance issues. With recipes for popular programming languages such as C#, Java, JavaScript, Perl, PHP, Python, Ruby, and VB.NET, this book offers step-by-step solutions to scores of common tasks involving regular expressions. This cookbook will help you:

- Understand the basics of regular expressions through a concise tutorial
- Use regular expressions effectively in several programming and scripting languages
- Learn how to validate and format input
- Manage words, lines, special characters, and numerical values
- Find solutions for using regular expressions in URLs, paths, markup, and data exchange
- Learn the nuances of more advanced regex features
- Understand how regular expression APIs differ from language to language
- Write better regular expressions for custom needs

Whether you're a novice or an experienced user, Regular Expressions Cookbook will help deepen your understanding of this tool. You'll learn powerful new tricks, avoid language-specific gotchas, and save valuable time with this huge library of proven solutions to difficult, real-world problems.

Glasgow Streetfinder Map, Out of Darkness, L'Abbaye de Northanger (Integral, les 3 Tomes) (French Edition), Thermoregulation: Pathology, Pharmacology and Therapy, Snapdragon Book II: In the Land of the Dragon,

This O'Reilly Cookbook provides more than a hundred recipes to help programmers use regular expressions to manipulate text and crunch data. If you're a programmer, you've undoubtedly needed to search or manipulate text at some point. Regular expressions provide a flexible and concise means to. Contribute to shihyu/Regular_Expressions development by creating an account on GitHub.

Regular Expressions Cookbook was written by Jan Goyvaerts, webmaster of akaiho.com, and Steven Levithan, all-round.
