

Seven years ago, Cambri Blaine fled her small hometown of Bridger, Colorado after her senior year of high school ended in a fiasco. But now her father needs help, and Cambri has no choice but to return home. So with trepidation, she takes a leave of absence from the landscape architecture firm where she works and heads home, hoping against hope that Jace Sutton is no longer around and that the past can stay where it belongsâ€”in the past. If only life worked that way. Jace never expected to see Cambri again. After she walked out of his life without a backward glance, he was left with no choice but to try to forget her and move on. But now that Cambri is back and looking more beautiful and sophisticated than ever, some of those old feelings resurface, and Jace instinctively knows, for the sake of his heart, that he needs to avoid her at all costs. If only it were that easy. The Ripple Effect Romance Series Enjoy this exciting new series of clean novellas by six critically-acclaimed authors.
