

After Hurricane Katrina, the fanlike pile of sand, mud, and silt that formed near a breached levee was unique in the urban environment of New Orleans. Over the 7,500-year history of the modern Mississippi River delta, however, it was just another splay deposit. Author Darwin Spearing explains the geologic forces behind the formation of the delta, shedding light on the human struggle to control the powerful river that breaches its own levees and switches its own deltas. With sections on wetland loss and land subsidence, *Roadside Geology of Louisiana* is a must-read for understanding the vulnerability of the Mississippi River delta to floods and hurricanes. First published in 1995, *Roadside Geology of Louisiana* is back in print by popular demand, with several updated sections. The introduction presents an overview of Louisiana's geologic history, and 57 road guides discuss the landforms visible from a car window including sand ridges, natural levees, oxbow lakes, and the Five Islands salt domes.

PROSPERIDAD: COMO ATRAERLA (Timeless Wisdom Collection n? 56) (Spanish Edition), Positively Murder: A Psychological Thriller Novel (The Adam Stanley Series Book 2), GMAT Foundations of Math: 900+ Practice Problems in Book and Online (Manhattan Prep GMAT Strategy Guides), Drawing: Landscapes with William F. Powell: Learn to paint step by step (How to Draw & Paint), Parasaurolophus (Dinosaur Library), Deathworld - The Original Classic Edition, Modern Moonshine Techniques, The Hindu Gentleman And Lady, Justice League of America #1, Hawaiian Greats: Delicious Hawaiian Recipes, The Top 100 Hawaiian Recipes,

*Roadside Geology of Louisiana* describes and interprets the landforms along about miles of the state's roads, emphasizing geologic processes in action.

With sections on wetland loss and land subsidence, *Roadside Geology of Louisiana* is back in print by popular demand, with several updated sections. The second updated edition of *Roadside Geology of Louisiana* is especially important to any regional geology or Louisiana geology collection.
