

Ronin was the first DC project to utilise the prestige format (glossy paper with cardstock covers) and proved to be one of the most influential works of its time. A cinematic blending of words and pictures. the science - fiction epic was written and drawn by Frank Miller, a popular comic artist already known for pushing the envelope of visual story telling in the pages of Marvels Daredevil. A precursor to Millers ground breaking work in The Dark Knight Returns, Batman Year One and many more graphic novel that followed, Ronin was no less innovating and interesting. Ronin chronicled the adventures of a heroic masterless samurai from feudal Japan, who was possibly just a construct of the vivid imagination of a psychotic idiot savant living in a dystopian future. The comic is an unusual blend of the influences on Miller by French cartoonist Moebius and Japanese Manga Comic Books, and contained themes and plot elements familiar to Millers work such as cannibalism, sewer denizens, leather clad Nazi gang members and love and sex in the midst of violence.

The End is Near!: Visions of Apocalypse, Millennium and Utopia, Eclat de Petales 2016: Les Fleurs Embellissent Nos Journees (Calvendo Nature) (French Edition), In Our House: Perception vs. Reality, Buried Alive, Military Helicopter Design Technology, Real Ghost Stories (1921), Her Sudden Groom (Groom Series Book 1), Joseph Wolpe (Key Figures in Counselling and Psychotherapy series), Oblagon, Concepts Of Syd Mead,
