

Lonely and bored with rural life in 1856, young Bella Lee Dunkinson began to hang around the local railroad. Engineer John Hardiman took a liking to the spirited girl and gave her a boys responsibilities helping with the engine. One stormy night, the engine was slipping dangerously on wet rails. While John was putting sand on the tracks, Bella found herself alone in the cab driving the train up a steep and dangerous mountainside? a 16-year-old female faced with a task that would terrify any seasoned male engineer. After her heroic and triumphant climb to the mountaintop, she was hailed by the miners who met her there as the Belle of the Mines and Mountains.
