

TASCHENs 25th anniversary ? Special edition! Two large-format hardcover volumes in a slipcase at a special bestseller price Picasso called Dal? an outboard motor thats always running. Dal? thought himself a genius with a right to indulge in whatever lunacy popped into his head. Painter, sculptor, writer, and filmmaker, Salvador Dal? (1904-1989) was one of the centurys greatest exhibitionists and eccentrics?and was rewarded with fierce controversy wherever he went. He was one of the first to apply the insights of Sigmund Freud and psychoanalysis to the art of painting, approaching the subconscious with extraordinary sensitivity and imagination. This lively monograph presents the infamous Surrealist in full color and in his own words. His provocative imagery is all here, from the soft watches to the notorious burning giraffe. A friend of the artist for over thirty years, privy to the reality behind Dal?s public image, author Robert Descharnes is uniquely qualified to analyze Dal??both the man and the myth.
