

Before King Arthur and the Knights of the Round Table, Britain was a land of shadows. Itâ€™s Midwinterâ€™s Eve, and a storyteller weaves a fantastic tale from his youth: â€œI have lived more years than I can remember, probably more than the sum of all your years combined. Kings have called me friend and brigands have sworn to burn the flesh from my bones, even if they have to search all seven halls of the Shadowland to find me.â€• Be transported back to the Dark Ages; to a time when Britain lay in shadows, deserted by its Roman masters. When the Saxons invade at the invitation of Vortigernâ€™s traitorous leader of the Britonsâ€™ the tribes must unite in order to reclaim the land they see as their birthright. And one among them must rise and be crowned as their rightful King. An Amazon Bestseller in Arthurian Fantasy, Shadowland breathes new life into the legends we have all come to know.
