

Animal attraction is the essence of their power. A Magical Menages Story. A Waitress Sherrie Stolz never thought she'd need her chatting-up skills to play along with a hot, sexy kidnapper who rants about were-animals and psychic possession. Then he proves his story by changing into a wolf before her eyes. Human contact never interested John Walker, but his mission is desperate. The pack seer insists Sherrie is the only one who can save his people from a rash of mysterious comas. His connection with Sherrie is instant, powerful and beyond rational explanation. And then a third piece of the puzzle enters the picture. Grant Perron follows his instincts only to find his prize in the hands of his rival. He's poised for battle until he learns his panther shifter clan suffers the same fate as John's pack. But there's more. When the three of them touch, the primal, erotic power surge swells like the waves of an earthquake. Sherrie's hands and bed are suddenly full, figuring out how to manage two snarling alpha males without giving in to the urge to knock their heads together. And channel her new-found power before a villain uses it to destroy them all. Warning: Contains abduction, m/f/m menage, oral & anal sex, rough sex, wilderness sex, astral projection sex and plain old sex in the bedroom times three.
