Refusing to stick around for further humiliation, she escapes with the one other person affected by what happened, her now ex-boyfriend's cousin, the sexy, Andre Caldwell. Though Andre believed the feud between him and his cousin over, he wasn't surprised by what happened. What is surprising is how much he's attracted to Mikayla's personality and charm. As he gets to know her better, he realizes there is more than betrayal bringing them together. But the Caldwell feud runs deep, and when family obligations threaten the fragile connection between Andre and Mikayla they'll both question if their love is real or a result of revenge.
