

In Episode 7 of Song of Ariel, Annie, Ariel and the others wait for Doug, Rick and Eli™s return from their journey beneath the earth, while outside animals continue to gather and an enemy force surrounds them. Meanwhile, deep beneath the ice caves Eli witnesses, for the first time, an amazing wonderland that does not resemble any other place on Earth. It is here in this beautiful yet disturbing place that they finally meet up with Jason, Danielle and their crew. Together, armed with the four artifacts, they journey back across the canyon floor to the mile-high spiral staircase. It is here that Jason and Danielle demonstrate the awesome power contained within the artifacts. Once back on the surface Doug and Annie have to face a disturbing truth; that the journey is just beginning, and not all participants get to go.
