

Lance Thomas is up to his old tricks again. Even though he promised his wife several years ago that he was through with the lying and cheating, he just cant resist the lure of forbidden affairs. No longer tied down with a nine-to-five blue collar job, Lance is a bestselling author with a lot of free time--and plenty of women offering to spend it with him. Before he knows it, hes caught up in player mode. Follow along as this dog tries to juggle a wife, a son, multiple mistresses, a love child, and now baby momma drama. Mark Anthony brings readers more of his trademark blend of sex, lies, and drama in this follow-up to his hit novel, Dogism.
