

As Oliver pulls Edie deeper into his world of art and passion, he teaches her more than the art of drawing the bodyâ€¦ Oliver teaches adult art classes on the side while he prepares his own work for galleries, but he was lacking in inspiration until he saw her. He is instantly drawn to Edieâ€”not only for her beauty, which he longs to paint, but because he sees in her naivete the desire to learn passions she has only imagined. Desperate to break free from the same boring daily routine, Edie is searching for excitement and adventure â€œ and believes her seductively handsome art teacher might just be the right man to show her how. But Edie knows the risks of being with Oliverâ€”especially while he is her instructor, but can she resist the temptation? Only mature readers should download this book.
